

Recycled Pure Plus

100% Recycled Digital Printing & Copying Paper

Recycled Pure Plus is a multipurpose recycled paper made from 100 % post consumer waste. It has excellent runability and opacity and is ideal for double-sided printing.

Recycled Pure Plus is manufactured by a Xerox accredited mill in a Process Chlorine Free (PCF) process to achieve high white recycled paper. It is produced using process conforming to ISO14001 and EMAS Environmental Management Systems. Recycled Pure Plus conforms to the highest level of ageing resistance according to standard DIN 6738 (LDK 24-85) with a guaranteed product life of over 100 years!

The Recycled Pure Plus paper, wrapper and carton are all produced using 100 % recycled fibre. No optical brighteners are used in its production. Recycled Pure Plus carries 'Blue Angel' and Nordic Green Swan environmental certifications.

PART NO: 003R98756

Product Specification:

Moisture Content: 4.1%
Opacity: 93%

CIE Whiteness: 135
GSM: 80
